## Band Concert Tuesday To Feature Students From Mer-Val Studio

**Robert Cain Baritone Horn Soloist Also Guest of Community Band**

Students of the Mer-Val studio of dance in Waukegan will be the guest artists at the Antioch Community Band concert on Tuesday evening. Featured soloist from the band will be Robert Cain, baritone hornist playing "Bride of the Waves."

One of the most varied programs of band music will be presented by the community organization. Numbers will vary from the popular "Big Horn Boogie" to the long hair "Andantino" by Mozart.

With the hope that the rain will stay away this week, the bandmen will appear on the platform at the water tower at 8 p. m., producing the following program:

National Anthem  
March: The Klaxon—Fillmore  
Overture: Lustspiel—Keller-Bela  
"Baritone Horn Solo 'Bride of the Waves'"—Robert Cain, accompanied by Lenore McCord  
St. Trocadero—Walters  
Green Acres (overture)—Morrisey  
Hymn: A Mighty Fortress Is Our God—arr. Laurendeau  
Guest Artists from the Mer-Val Studios  
Clarinet Polka—arr. Bennett  
Brass Choir: Andantino—Mozart  
Dancing Tambourine—Polla  
Big Horn Boogie—"Tex" Brewster  
March: King Cotton—Sousa.

## Mrs. Mabel E. Grimm, Member of Pioneer Antioch Family Dies

Mrs. Mabel E. Grimm, 81, Old Hickory road, daughter of Mr. and Mrs. Ezekiel Boylan, one of Antioch's pioneer families, died Sunday at Victory Memorial hospital, following a brief illness.

Mrs. Grimm lived, at the time of her death, on the same farm where she was born, May 12, 1873. She was preceded in death by her husband Henry H. Grimm, October 5, 1952.

Mrs. Grimm was a charter member of the Antioch Woman's club, and was interested in Antioch's growth and all civic affairs of the village.

Survivors are a daughter, Mrs. George Anzinger of Antioch and a brother Ira Boylan of Chicago.

Funeral services were held at 2 p. m. Tuesday at the Strang Funeral home with the Rev. Howard E. Benson officiating. Interment was in Hickory Union Cemetery, Antioch Township.

## Little League to Have Fine New Park Through Work of Their Fathers

Fathers of Little Leaguers have been asked to report at the new baseball field at 9 o'clock Sunday morning with rakes, hoes, shovels and other equipment. Plans are to get the field in shape this summer and fall so that play can be started early in the spring.

The new field will be second to none in northern Illinois according to the committee in charge. The local business men have made possible through the purchase of advertisements to construct the ball park. There will be dugouts just like those at the big league fields and everything else that goes with an excellent ball diamond.

## County 4-H Winners To Vie at State Fair

David Vose of rural Antioch will go to the Illinois State fair next week to compete in the tractor driving contest. He won the contest at the Lake County Fair and is now going to try his skill in state competition.

The elimination contest will be on Thursday and the final on Friday. Other Lake County 4-H boy and girls will compete in exhibits and demonstrations. Eighteen girls will take part in the style show and the home economics demonstrations on Friday and Saturday.

The Hawthorn 4-H Club of near Libertyville has hired a special bus to take them to the fair where they will compete in the Share-the-Fun contest by singing cowboy songs in costume. They won the county and district contests with their stunt.

All Antioch Little Leaguers have been invited to Wrigley Field, Chicago, on Tuesday, Aug. 17, to see a double header between the Cubs and the Cincinnati Reds. They will meet at the Antioch Grade School in uniform at 8 a. m., and busses will be provided for the occasion.

### Seek Fire Pictures

The Antioch fire department is keeping a record of its activities through a large photograph album and is appealing to citizens who have pictures of fires of earlier days in this community to contribute them to this permanent record.

"We hope to obtain some of the pictures taken of us while we were at the Zion fire and we need pictures of the fire many years ago at the pavilion south of the village," said Chief Edgar Simonsen.

The album has a beautiful wood cover and can be increased to any thickness through loose leaves.

## Fair Opens at Wilmot With Fine Exhibits; Good Programs Ahead

While this newspaper is being printed the Kenosha County Fair at Wilmot is in full swing.

Judging was started at noon and before this day is over many ribbons will have been placed on the exhibits.

The junior horse show will take place tonight (Thursday).

Friday's program will open with a parade. The free acts in front of the grandstand will be repeated in the afternoon and there will be midget auto races at night.

The children's parade is scheduled for Saturday and the free acts will be offered that afternoon for the last time. There will be stock car racing at night.

Sunday's main attraction for afternoon and evening will be the Lucky Lott Stunt Drivers.

The Blue Ribbon Show of Shawano is providing rides and shows.

The home economics display, floral and art exhibit in the Wilmot school are said to be especially good this year.

Officers of the fair are hoping for good weather throughout the weekend.

## Legion and Auxiliary To Install Officers Thursday, August 19

The Antioch American Legion Post 748 and its Auxiliary Unit will hold joint installation of officers at 8 p. m. Thursday, Aug. 19 at the Legion Home, Ida ave.

Installing officers for the Auxiliary will be Ann O'Neill of Lake Forest, officer in charge; Ruth Lipert, Waukegan, sergeant-at-arms; Agnes Hills, Antioch, chaplain; and Deborah Van Patten, Antioch, musician.

Tenth district officers will officiate in the installation of the Legion officers.

A meeting has been called for 2 p. m. at the Gurnee Legion Home for all incoming and outgoing commanders of the district with other Legionnaires who wish to attend for the purpose of setting up the district organization of standing committee chairmen for 1954-55.

The installation of the tenth district officers will take place at Farnsworth on Aug. 20. Robert Maxwell of Mundelein will finish his term as commander and Martin Siegel of Farnsworth will take his place.

## Lions Swimming Pool Committee Contacts Clarendon Hills Club

The Lions Club swimming pool committee has contacted the Clarendon Hills Lions Club relative to an appointment with its members to ascertain how that community's swimming pool was obtained by the club. The appointment date has not been set.

Holiday Park's Lion Club has had a kick-off dinner in its campaign to finance a swimming pool for that community.

The Antioch Lions Club carnival was a big success, according to President Ted C. Larson. Final figures on receipts are not yet available he said.

### Organize Bowling Leagues

Organization of bowling leagues for women on Tuesday and Friday nights at the Antioch Recreation on Rte. 173 is in progress. There will be a meeting on Tuesday, Aug. 17 at 8 p. m. to organize the Friday night Handicap league which bowls at 6:45 p. m. Persons interested are asked to attend or call 349 and leave their name. A meeting at 8 p. m. Monday, Aug. 18, will be held to organize the Tuesday leagues. There are openings on the 8 o'clock shift.

Mr. and Mrs. Wendell S. Nelson and children are vacationing this week at Cable, Wis.

## 65 Local Methodists To Attend Festival of Faith in Soldier Field

### Ecumenical Conference to Open Sunday at Northwestern U. Campus

The Methodist Church of Antioch plans to participate in some of the meetings of the Second Assembly of The World Council of Churches which convenes in Evanston Sunday. Sixty-five persons from the church will travel by bus to Soldier's Field Sunday evening for the Festival of Faith service, which begins at 8 o'clock. A hundred thousand persons are expected to attend this service which will be a dramatic and choral presentation of God's action in Creation, Redemption, and Consummation. Some members will also attend the plenary session at McGaw hall in Evanston which will be held during the two week assembly.

Christian leaders from 161 churches and 48 counties are gathering to ask themselves in what way Christ is the hope of the world.

These leaders are aware of their oneness in Christ but also their diversity as churches. This will be one of the fundamental problems faced by the assembly.

They will also ask what the Christian faith has to say to pressing questions in the area of racial tensions, international affairs, evangelism, economic and social problems, and one's daily work.

### Council Organized in 1948

The World Council of Church which is conducting the Ecumenical conference, was organized Aug. 22, 1948 at Amsterdam, Holland and this is the first general meeting since that date.

There are six presidents of the organizations from that many different countries. Bishop G. Bromley Oxnam of the Methodist church is the president from the United States.

The conference will have the problem of trying to harmonize the efforts of the protestant churches while avoiding the danger of becoming a super-religious organization. Merging of churches that have similar beliefs will be left to action outside the council.

In adopting the general theme "Christ, the Hope of the World," the council is going back to the original interpretation of the word "hope," which does not preclude doubt.

### Serbian Bishop Protests

Lake county's Serbian Bishop Dionisije, who has his headquarters at the Serbian monastery north of Libertyville on Rte. 63, has asked the conference to protest to Tito's Yugoslav government the recent imprisonment of the vice president of the Orthodox Church's Holy Synod, the Metropolitan Arsenije of Centinje.

The vice president was sentenced to 11½ years for directing a protest against the anti-religious propaganda among women in the Montepurian province.

## Bar-M-Ranch Rodeo To Exhibit 3 Days at Round Lake Benefit

The village officials of Round Lake are working with the Progressive Business Men's association of that village in staging a rodeo on Friday, Saturday, and Sunday of this week.

The Bar-M Ranch of Libertyville, which travels the big time circuit, has been obtained to put on the show at the Lions ball field west of the Round Lake Grade school.

Such well known riders as John and Shirley Maines, Jim Pleister, Todd Herman, Jerry Lockwood, Roy and Ann Doring, Carl and Ginger Rickerts and Marian Brown will participate.

Friday night shows will start at 8:30 p. m. and the Sunday show at 2:30 p. m. There will be plenty of free parking space on the paved area behind the school.

Cowboy hats, ropes, and other rodeo souvenirs will be available to the youngsters.

Profits will be used to help purchase street lights for the business section of the village.

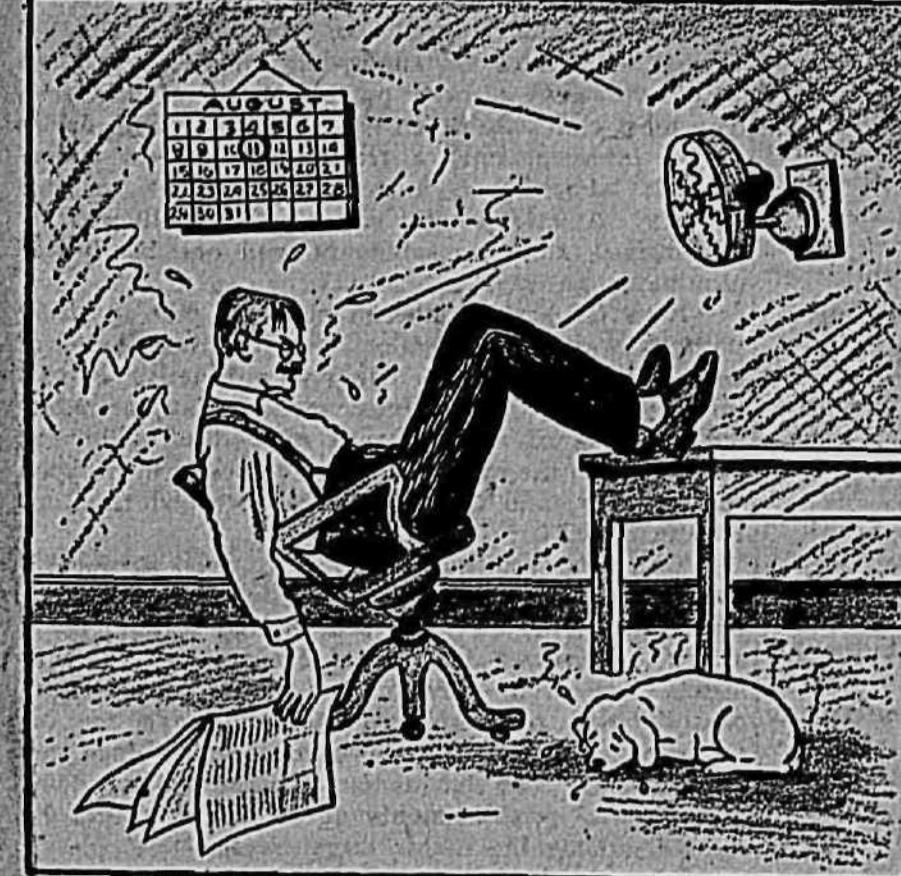

## Rain Prevents Games in Chain O' Lakes League

Games between Antioch and Spring Grove and Antioch and Wauconda in the Chain O' Lakes League were rained out last week.

Antioch was scheduled to play Wauconda last evening and Woodstock will play the local team next Monday evening. Antioch's final game will be with Spring Grove on Wednesday.

The standing of the league at present remains relatively unchanged, the only game having been a victory of the league-leading Spring Grove team over the cellar team, Ringwood.

## DOG DAYS

## Rescue Squad Aids Men Hurt in Accident

## Lions Open Campaign To Collect Money For Rescue Squad Costs

Three 20-year-old youths from Chicago and Evanston were injured shortly after midnight Sunday when the driver of their car, John Carlborg of Evanston, fell asleep at the wheel and the auto rolled over on Lookout Lake rd. west of Rte. 45.

The Antioch Rescue squad took Charles Clinkenbloomer of Evanston to the Great Lakes Naval hospital for treatment of leg injuries, and Deputy Sheriffs Ray Simmers and Hugh Kennedy took Carlborg and Robert Mason of Chicago to Jane Dowst Emergency hospital in Waukegan for treatment for lacerations.

Return envelopes were enclosed in each letter and all who received the letter are asked by the committee to keep the envelope until such time he or she can return it with a contribution.

The driver was the least injured of the three. A hole in a pavement caused Jeanette Foley, 18, of Lake Villa to lose control of her car and slam into a guard rail of the bridge spanning the Des Plaines river on Rte. 120 Monday. She was taken to St. Therese hospital suffering from back injuries.

Altogether 16 persons were hurt in accidents throughout Lake county over the weekend.

## Bert Coleman Addresses Women of the Moose on Aid to College Students

Bert Coleman, pilgrim member of the Loyal Order of the Moose, was guest speaker at the Women of the Moose meeting last Thursday, Aug. 5, at the Moose lodge. He explained the functions of the Mooseheart Alumni committee and its need to maintain the revolving fund which extends loans to Mooseheart graduates worthy of financial aid to complete college educations.

The chapter received a visit from Mrs. Bert Coleman, member of the College of Regents, and two other co-workers from Highland Park chapter.

The following candidates were initiated into the chapter: Mesdames Joan Mason, Mildred Gillum, Bobette Gunn and Hilma Lightsey. Miss Betty Winsauer and Mrs. Evelyn Fencel entered the Home Chapter.

Library Committee Chairman Mrs. Lucy Hinens directed her committee member, Mrs. Richard Stroemer, to announce the card party their committee is sponsoring at the Stronger home at 8 p. m. Tuesday, Aug. 31.

Committee reports are due from publicity, Mooseheart Alumni, Library, hospital and ritual chairmen at the next meeting, Aug. 19.

Refreshments were served by Mooseheart Alumni Chairman Mrs. Robert Horton and her committee: Mesdames W. Horton, H. Fox, R. Edwards, C. Casperon, V. Shunnon, H. Linder, G. Wire and M. Stoxen.

## Hail Fall With 1.35-Inch Rain on Monday; Damage Reported Light

Hail fell with rain in two showers Monday evening.

Three quarters of an inch of rain fell within a period of 15 minutes at 5 p. m., according to local weather observer, Roy Kufalk. The second shower which contained much more hail brought the total to 1.35 inch.

Kufalk said the total rainfall for August to date is 1.85 inch.

The hail, which ranged in size

from one-quarter of an inch to one inch, although it fell throughout the second shower, didn't appear to be too damaging, especially to the corn, which is now in the milk stage.

### Firemen Have Corn Roast

The firemen enjoyed a corn roast following their regular meeting Tuesday evening. While referred to as a roast, the corn really was boiled and buttered.

## Antioch Road-Block Forces Purchases of Vehicle License Tags

### Many Arrests Send Car Owners Scurrying to Get Local Car Licenses

Following a published warning last week, the Antioch police department set up a road block at 4:30 p. m. Tuesday and arrested local residents who failed to have Antioch automobile licenses.

Within an hour there were eight arrests and the block continued until dark.

Chief Walter I Scott was assisted in the blockade by special patrolmen Earl Horton and Tod Maples. They stationed themselves at Main and Lake sts. and caught most of the homebound traffic.

Those who had stickers on their windshield showing license here or elsewhere were waved on without much delay. Those who didn't were questioned by special police and if found guilty of not having the license were waved to one side where Chief Scott issued the ticket.

In Police Magistrate Elmer Brook's court they may be fined in addition to having to pay the license.

Publication of the warning brought an estimated 200 persons to the village hall over the weekend in purchasing the license. Heaviest run of purchasers was on Monday, Clerk Clarence Shultz said, when word got around that the police were about to act.

When the police failed to act Monday, there were comments that they were just bluffing, but the tune changed Tuesday evening when the street block was set up.

Trustee Merrill Cunningham, delegated to put the campaign of the police department into effect, watched the procedure and said it was working equally as well here as in Chicago or elsewhere.

"It's something we've got to do, otherwise, we would never get anywhere in our attempts to enforce the law," he commented.

Sale of 50 licenses Wednesday morning brought the total number of sticker sales for cars up to 450 and for trucks to 105, Clerk Shultz said last evening. He estimates that there are perhaps 50 more yet to come in.

Because the clerk's office was closed Wednesday afternoon many didn't get to purchase their license as soon as they sought to.

## Frank J. Brogan, 68, Retired Farmer Dies; Funeral Held Today

Frank J. Brogan, 68, 1034 Main st., died Monday at 8:30 p. m. at Victory Memorial hospital, Waukegan, where he had been since May 22. He was born December 4, 1885, in Antioch township.

### You're a Good Driver—But

The next time your wife has something to say about your driving, just tell her police and traffic experts from a dozen European countries think you're pretty good behind a wheel. Of course, to be really honest, you should tell her they think she's better.

The foreign experts passed through Illinois and Indiana recently on a cross-country tour during which they compared the American driver with their home product. Here are some of their observations, as reported to the Chicago Motor Club:

American men, on the whole, are skillful, disciplined and patient drivers, but American women outstrip them in all three departments.

Drivers in the United States have too many signs, signals and speed limits to put up with. In Europe, drivers are more on their own and have a chance to adjust their driving and speed to road conditions, instead of fixed laws.

A traffic official from the Netherlands thought American drivers "exceptionally orderly," but a little on the stupid side mechanically.

The experts agreed that our drivers are usually considerate of pedestrians, but have a habit of racing towards a crosswalk and then slamming on the brakes at the last minute. This, they said, frightens pedestrians and would be considered bad manners in Europe.

They also thought we bunch too close together on highways, which results in much more stopping than in Europe. Of course, we have more cars than Europe has, too.

Some of the foreign experts said they were so confused by the number and variety of our road signs that they lost hours, backtracking to read signs that they had missed. Sometimes, the signs turned out to be billboards.

### Economic Highlights

A single common word, survival, covers the most awesome problem that this nation has ever faced. It is almost impossible to visualize the destructive power of the weapons that exist today, and the even more terrible ones that will probably come into existence in the relatively near future.

A vast literature has been written on what we must do if we are to continue to exist as a nation. A very distinguished authority, Charles A. Lindbergh, makes an impressive contribution to it in a brief article appearing in the Saturday Evening Post of July 17th, entitled "Our Best Chance to Survive."

General Lindbergh begins by pointing out that, in atomic war, an initial attack made without warning could kill millions and destroy all the great cities. Thus, unless the nation possessed military forces which were both extensively decentralized as well as extraordinarily powerful, its ability to retaliate in kind might be destroyed too. He writes, "The hydrogen bomb and the supersonic missile have eliminated defensive security on the surface of the earth. The most elaborate defensive network we can devise would intercept only a fraction of modern enemy aircraft launched in a determined attack on this country. Atomic bombs can also be delivered by submarines, ships or saboteurs, and one bomb will eliminate one city."

Here General Lindbergh observes that to strike without warning is against our traditions. So, of course, is capitulation. The one alternative is vast military strength: "We must maintain an inexpungable means of retaliation—a method of delivering our bombs in the event a surprise attack is made upon this country, and after we have absorbed the first terrific blow."

This means, he goes on, that we must have great numbers of air bases, so many that our retaliatory power could not be paralyzed in that initial enemy attack, no matter how great its scale. It further means "research, development and industrial-decentralization programs that will improve the effectiveness of our future weapons and reduce our vulnerability." So far as possible, he believes, important war establishments of all kinds should be located outside the major target areas.

General Lindbergh also emphasizes the human element in the military forces. In this element, he writes, "lies an extraordinary opportunity to increase our power and reduce our costs . . . Our ingenuity in the use of man has not kept pace with our ingenuity in the use of the machines man manufactures. Economy itself demands that . . . long years of expensive training should be followed by opportunities, pay and conditions which encourage people to remain in the careers they were trained for."

Finally, General Lindbergh advocates "a prodigious Air Force, a strong Army, a strong Navy and strong allies." The task is a formidable one, but he is convinced that it is within our capabilities, and that it is absolutely essential to survival. To quote him once again, "As long as a dangerous enemy exists, our security will lie in the indestructible power to destroy."

### GEMS OF THOUGHT

#### Dominion Over Fear

A man's fear, unconquered, conquers him, in whatever direction.

—Mary Baker Eddy

It is only the fear of God that can deliver us from the fear of men.

—Witherspoon

There is great beauty in going through life without anxiety or fear. Half our fears are baseless, and the other half discreditable.

—Bovee

He who fears being conquered is sure of defeat.

—Napoleon

50% better mileage—

**NOT 5¢ FOR REPAIRS  
IN 34,400 MILES!"**

Here's the typical performance record  
of GMC Hydro-Matic\* trucks as being  
reported from all parts of the country

If you'd like an idea of what Hydro-  
Matic GMC's could do in bettering  
YOUR trucking operation, take a look  
at an actual case history.

In this instance, a wholesale baker, who  
supplies his entire state, put Hydro-  
Matic GMC's on his longest routes. In  
racking stop-and-go-work, they're aver-  
aging 58 delivery stops per day, 28,000  
miles per year.

Here's what their carefully kept records  
show:

The Hydro-Matic GMC's are getting  
12.2 miles to the gallon—50% more than  
their standard trucks.

In use now up to 34,400 miles, not a

nickel has been spent on repairs for any  
one of them.

Brake linings, usually replaced at 25 or

30 thousand miles, are still in good shape.

Clutch replacement, usually necessary  
at about 16,000 miles, is completely  
eliminated.

And the drivers of these Hydro-Matic  
GMC's are the happiest, most job-  
contented men you'd want to employ!

Now, how about you? From Pickup to  
heavy-duty hauler, there's a Hydro-  
Matic GMC to better any trucking  
operation. Come in and let's see about  
yours.

\*Standard on many models; optional at extra cost  
on some others.

**HICKORY**

Mr and Mrs. Homer Edwards and two sons from Charleston, W. Va., left for their home on Saturday after a week's visit at the Bert Edwards home.

Mr. and Mrs. Joy Sick and Mr. and Mrs. Raymond Wells of Waukegan spent Sunday evening at the Earle Crawford home. Mr. Wells showed his home movie pictures.

Hans Christensen of Waukegan spent Sunday at the N. C. Christensen farm. He went fox hunting and shot a red fox.

Mr. and Mrs. John Hackemar of Chicago spent Sunday at the Wm. Richards home.

Mr. and Mrs. Roland Christofferson of Milwaukee visited the Bert Edwards family Saturday afternoon.

The Homer Edwards family and Mr. and Mrs. Bert Edwards and daughter Doris spent Wednesday, Aug. 4 at the Wisconsin Dells.

Mr. and Mrs. Roy Kelso and two children from Calumet City, Ind., visited the Eddie Van Patten family Sunday afternoon.

Mrs. Gordon Wells and daughter Lucille attended a baby shower on Mrs. Donald Cannon of Gurnee at the home of Mrs. Robert Lodesky at Gurnee Sunday afternoon, Aug. 8. Sunday morning, Aug. 8, a baby boy was born at St. Therese hospital to Mr. and Mrs. Donald Cannon.

Mrs. Jennie Welch of Waukegan spent Sunday at the Wm. Welch home. Mr. and Mrs. Warren Welch and two daughters from Madison, Wis., spent Saturday night and Sunday at the Welch home. Mrs. Warren Welch and children are spending this week with the Wm. Welches.

Mrs. Curtis Wells, Mrs. Sam Hernquist, Mrs. Clarence Spiering, Mrs. Agnes Stevens, Mrs. Bert Doolittle and daughter, Barbara, and her girl

friend drove to Lake Geneva last Wednesday, Aug. 4 and had dinner at the Hayloft and enjoyed a boat trip around the lake during the afternoon.

Mr. and Mrs. Chris Paulsen of Whitewater, Wis., were Tuesday (Aug. 3) visitors at the Wilson King home. Mrs. Wilson King and children went home with them for a visit until Sunday when Wilson King spent the day at Whitewater and they returned home.

Mrs. Grace Turnock and Mrs. Georgia Scoville of Kenosha visited the H. A. Tillotson home on Wednesday. In the afternoon Mrs. Turnock and Mrs. Tillotson called on Mrs. Myrtle Savage at Millburn. Mrs. Scoville visited Mrs. Will Thompson.

Mr. and Mrs. Will Thompson accompanied their daughter Helen to the Union depot in Chicago Sunday. In the afternoon Helen and Miss Carrie Fisher of Chicago, the Misses Sue and Harriet La Crosse from Dolton, Ill., left on a railroad conducted tour to Banff and Lake Louise in Canada and the northwest to Vancouver, Victoria and Seattle, Wash., and Glacier Park, Mont. They will be gone two weeks.

Bert Edwards, his son Homer, his two sons, also Bob Taylor attended a ball game in Chicago Thursday.

**LAKE VILLA**

The Rev. Walter L. Plummer, pastor of the Granger Methodist Church, Medina, Ohio, his wife and two children will be guests of the Rev. and Mrs. Kenneth M. Plummer during the first week of the meeting of the World Council of Churches in Evanston. The Rev. Walter Plummer will be guest preacher for both the 8:00 and 11:00 a. m. services of worship in the Community Methodist Church, Lake Villa.

Twenty-two members of the Community Methodist Church will attend the Festival of Faith of the World Council of Churches at Soldier's Field Sunday evening.

The Woman's Society of Christian Service will meet at the church on Wednesday afternoon, Aug. 18 and Mrs. Marie Jedlick and Mrs. Clara Statham will be hostesses for the dessert luncheon at 12:30. Mrs. Clara Perry will be in charge of the devotional period and Mrs. Martha Dunbar will preside. Visitors are always welcome and the meeting at 2 o'clock and the dessert luncheon are open to all.

The Rev. Plummer's sermon topic last Sunday was "Christ, the Hope of the World" and both services were favored with special music, a trio by Karen, Donna and Jackie Martin, and a solo by Mrs. Robert Van der Pyl, which added much to the services.

Don't forget that the annual carnival sponsored by the local fire department will be held at Lehmann Park over the weekend and there will be plenty to amuse both young and old. Free dancing, and there will be plenty of refreshments. Opens Friday evening and runs through Sunday evening.

Airman 3rd class Bob Bunkelman of the U. S. Army Air Corps stationed at Roswell, N. M., is enjoying a 20 day leave with his parents, Mr. and Mrs. Lester Bunkelman. They drove to Fond du Lac, Wis., on Saturday to visit relatives of both families and returned Sunday evening.

Mr. and Mrs. Jake Wallace are spending the week in northern Wisconsin at Minong at Lake Nancy.

Mr. and Mrs. Fred Seefeldt returned home last Friday after a pleasant stay with their son, Richard and family near Lake Geneva, Wis.

The E. Holroyd and Edward Langbein families enjoyed an outing at Lake Como, Wis., last Thursday.

Charles Kelly underwent eye surgery at a Milwaukee hospital last week, and is recovering. Mrs. Kelly and Mr. and Mrs. P. R. Avery Sr., visited him last week. He will not be ready to come home for some time.

Mr. and Mrs. F. Kruppa of Chicago were guests at the Avery, Sr., home on Wednesday last week.

Mr. and Mrs. Henry Nader drove to Coloma, Wis., on Saturday to visit Mrs. Nader's parents and sister there. They returned on Sunday.

The employees of the Dalgaard store enjoyed a picnic last Wednesday after store hours. They had intended to be at Lehmann Park but were rained out so came to the recreation room at the fire station for their supper and evening.

Mrs. Monahan and daughters of Wadsworth visited Mrs. Monahan's parents, Mr. and Mrs. Robert Van der Pyl last Sunday.

Judy, Viola (Cooky) and Sandra Schneider spent the past week with their aunts, Mrs. Anna Almquist and Mrs. Pauline Schneider at Chippewa Falls, Wis.

Mr. and Mrs. William Walker visited last Wednesday evening at the home of their daughter, Mrs. Richard Grutzmacher and family at DePlaines.

The Leonard Armstrong family enjoyed a vacation trip through Illinois, Arkansas and the Ozarks during the past two weeks.

Mrs. Ruth Schumacher who spent the winter with friends in Connecticut, and now living with her mother at Wonder Lake near McHenry, is guest of Mrs. Paul Avery, Sr., a few days this week.

The Frank Slazey family is enjoying a trip south and expect to visit the Gus Swanson family at Glenwood, Ark., then drive on for further enjoyment of the scenery.

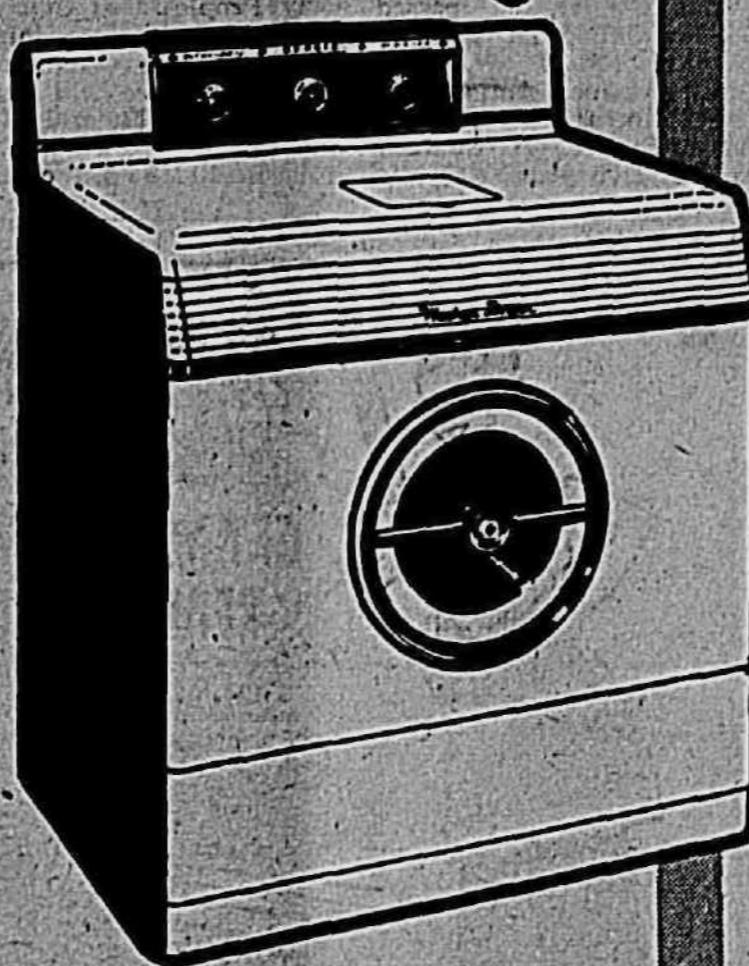

Mrs. Lester Hamlin visited her parents, Mr. and Mrs. Arthur Nauta in Waukegan last Sunday afternoon.

## The hit that's changing the sales standings puts you way ahead 3 ways

THIS year Buick has done what no other car has done in more than a generation.

This year Buick has moved into the lofty circle of America's three top sales leaders—a circle once dominated only by the so-called "low-price three." For today, Buick is outselling all other cars in the nation except two of these "low-price three." And each new month's sales figures strengthen Buick's new sales leadership.

You can't do better—if you want the best buy for your new-car

money—than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways—that's for sure. So drop in on us—tomorrow at the latest—and see for yourself that Buick is the buy of the year, hands down.

Come see for yourself why—

Buick Sales  
are Soaring!

### 1. More new car for your money

Buick prices start close to the lowest—just a few dollars above those of the traditional "low-price three." But those few more dollars for a Buick get you a lot more automobile—more room, more

comfort, more V8 power, more ride steadiness, more solid durability—plus the advanced "tomorrow" styling that has taken the country by storm.

### 2. More money for your present car

With our great and growing sales volume, we can offer you a bigger trade-in allowance on your present car when you buy a new Buick. After all,

the more new cars we sell, the better deal we can make with you. So you get the benefit of our great success in the form of a higher trade-in allowance.

### 3. More dollars when you trade

Because Buick's broad panoramic windshield has started a whole new styling trend, you can be sure that today's Buick

will keep its modern look for years to come. So you are assured of a higher resale figure when you trade it in later on.

WHEN BETTER AUTOMOBILES ARE MADE BUICK WILL BUILD THEM

## Fort Necessity, Battle Site Being Restored

WASHINGTON—The spot where George Washington commanded 400 soldiers in a desperate battle with 600 French and 100 Indians is being reconstructed exactly as it was that fateful day of July 3, 1754, according to the National Park Service, which announced further restoration of Fort Necessity, 11 miles east of Unontown, Pennsylvania.

Washington was only 22 when he and the Colonial expedition against the French built Fort Necessity primarily as a food and ammunition depot. On May 28, 1754, he had defeated a small force of French soldiers in a surprise attack near the Great Meadows. Of those not killed in the encounter, one Frenchman managed to escape capture and carried the news back to Fort Duquesne, then the French base on the Ohio River, where Pittsburgh is now situated.

Washington had to turn back when he was warned that the French, aided by many Indians, were out to avenge the defeat. Unable to reach the safety of the frontier fort at Cumberland, Maryland, Washington and his men, entrenched and fortified themselves at Fort Necessity where they were surrounded by the larger forces on July 3, 1754, and fought a desperate battle in the rain from 11 a.m. until evening. Negotiations for a surrender continued until near midnight, when Washington agreed to capitulate. The Colonials withdrew with the honors of war, carrying their arms and baggage and surrendering nine swivel guns. It is curious to reflect that the surrender of the fort took place on July 4.

## Many Universities Own Fly Airplanes

CHICAGO—Colleges and universities in eleven states of this country own and operate a total of 111 airplanes, according to a survey completed by the Aircraft Industries Association.

And two of the schools, the University of Mississippi and the University of Illinois, hold the distinction of being the only members of the nation's school system to own helicopters!

Forty-seven states and the Territory of Hawaii participated in the survey which was conducted to determine the type and amount of aviation education available through normal education channels.

Of the 111 airplanes owned by these schools, all but six of them are single engine utility planes which carry from two to five passengers. The others are twin engine aircraft, three of which fall into the transport category and carry over 10 passengers.

Logging almost 14,000 hours in the air each year, these planes perform just about every type of job familiar to utility aircraft, ranging from actual airline pilot training to aerial application on school farm lands and aerial mapping and photogrammetry.

## Best Educated Age: Thanks to GI Bill

WASHINGTON—The G.I. Bill of Rights, which celebrated its 10th birthday in June, has produced the best-educated generation in the nation's history.

The Veterans Administration reports that upwards of 7,800,000 World War II veterans — more than half of all who served during the war — received education or training under the bill in the past 10 years.

Of this total, 2,200,000 attended colleges or universities; 3,500,000 went to schools below college level; 1,400,000 took on-the-job training; and 700,000 took on-the-farm training.

The below-college level group included some 150,000 who were given a chance to learn to read and write, the V.A. said.

## Ten Year City Tour For Cyclist-Walker

NEW ORLEANS—Ben Lloyd, 48-year-old New Orleans bachelor, decided ten years ago that he'd like to see all of the streets in his home town.

So he started out on a bicycle. A few months later he changed to walking. He carried a clipboard with map attached, notebook and pencil, a spare shoe lace and a dictionary, which he literally read from A to Z.

Lloyd finished his 1,500 mile tour with a stroll down First Street, which he bypassed until the end so when he quit "the last street I covered was First."

### Record Delivery

DETROIT—Dr. H. C. Walser claims the 1954 record for "delivering the most babies in the least time, excluding quintuplets and quads."

Each of two women he attended recently delivered twins within an hour in the same hospital room.

## Big Insurance Gains in War, Post-War Years

NEW YORK—The gains in life insurance protection, owned by America's families in the twelve years including World War II and the post-war readjustment period are strikingly shown in the new Life Insurance Fact Book issued by the Institute of Life Insurance.

In these years, aggregate life insurance protection rose from \$122,150,000,000 to \$304,250,000,000 at the start of this year with the nation's 800 life companies, an increase of 149 per cent. In the years since 1941, the number of life insurance companies has increased by more than 300.

Every state showed a gain in life insurance ownership, but in three states, Arizona, New Mexico and Florida, the increases were well over 300 per cent. Smallest percentage increases were in Massachusetts and New York, where insurance in force doubled in the period.

During 1953, American families bought a record \$39,488,000,000 of new life insurance and increased their aggregate holdings of such protection by \$27,688,000,000.

A survey reported in the book shows that last year 79 per cent of all U.S. families owned some type of life insurance — 7 per cent of the insured families put 10 per cent or more of their disposable income into life insurance premiums. In the \$5,000 to \$7,400 income group it was found that 93 per cent were owners of life insurance.

## Man's Maximum Life Span Puzzler

WASHINGTON—The United States today has 4,500 citizens 100 years old or over, bolstering the belief that man is the longest-lived mammal on earth.

Perhaps one or more of these people will eventually supply the answer to a problem that has so defied an exact answer: Just what is the maximum life span of man?

The Bible mentions that Methuselah lived 969 years, an age open to various interpretations. In more recent years, age claims have run all the way to 148 (a Javanese), 160 (the Turk, Zar Agha), 176 (Baba Harsingshah, of India), and 180 for an unidentified Russian woman.

Some Americans have counted their years well above 100. A Dane, Christen Jacobsen Drakenberg, was said to have married at 111 and lived to 145. Thomas Parr (Old Parr) a Shropshire lad, died in the reign of Charles I, as a reputed 152.

The 1940 U.S. census reported 410 persons 109 years old and over. Eight states listed no one in that category: Wyoming, Maine, Montana, South Dakota, Rhode Island, Vermont, New Hampshire and Nevada. All Southern states had large numbers: Mississippi, 40; Alabama, 41; and Texas, 51.

**Take heed, Men**  
"Man need never go out of his way after women, or spend money on entertaining them. He need only sit quietly at home, and they will come to him" —Casanova.

## Jean Pomier, 85, Dies At Home of Daughter, Mrs. R. W. Schumacher

Jean Pomier, 85, passed away Monday, July 29 at the home of his daughter, Mrs. R. W. Schumacher, Addison Lane, Antioch, following a brief illness. He was born Jan. 11, 1869 in France. He came to America fifty-five years ago settling in

Chicago and for the past forty years had made his home with his daughters, Mrs. Schumacher and Mrs. Logan Stark at Glen Ellyn.

He retired 22 years ago from the Peoples Gas Company in Chicago. Survivors are his wife, Albertine, and two daughters. Funeral services were held August 2 at Kampf & Son Funeral Home, 318 North Center St., Chicago. Interment was in Ridgewood cemetery.

## Loyal Order of Moose Holds Annual Picnic At Fox River Grove

Members and their families of the Antioch Moose Lodge proved a stubborn lot Sunday, Aug. 8, when they defied unfavorable weather conditions to attend the annual Moose picnic at Fox River Grove. The committee in charge of the picnic, Walter Good, Joe Gorlitz, Charles Schroeder, Robert Horton and Dominic DiOrio, were kept especially busy through the day providing free tickets to the children for the rides and directing the games for the children as well as for their moms and dads.

Unfortunately, Evelyn Schroeder, daughter of Charles Schroeder, was involved in a minor accident at the amusement park when the horse she was riding on the merry-go-round fell from the platform. She was taken to a local doctor's office and, other than a few promised bruises, was dismissed with the doctor's approval. However, Mr. Schroeder plans to take his daughter to his own doctor.

Barring Evelyn's mishap, there was nothing, not even the atmosphere, that could dampen the spirits of the Loyal Order of the Moose.

## GRANDMOTHERS' CLUB TO GIVE TALENT SHOW

National Grandmothers' club No. 148 will stage a home talent show Sept. 11 and 12 called "The Gay Nineties Revue." The show is being produced by Mrs. Jean Hain and daughter Georgeann. The cast will consist entirely of grandmothers and those who think of grandmas in a chair with a pair of knitting needles will be surprised.

## ENTERTAINS AT BRIDGE-LUNCHEON

Mrs. Robert Wilton was hostess to a number of friends at a one o'clock luncheon and bridge party at her home on Victoria street Tuesday.

## Lake Co. Art League To Conduct Outdoor Fair at Upton Park

The Lake County Art League is sponsoring its second Annual Outdoor Arts and Crafts Fair at Upton Park, Waukegan on August 21 and 22. The exhibit will be open from noon until dark each day. Upton Park is located just north of the Waukegan business section on Sherman road.

About eighty artists are expected to exhibit at this fair, many of them having shown their works at museums and galleries throughout the country, and having national reputations.

Among the items to be displayed will be paintings, jewelry, ceramics, sculpture, prints, etchings, textiles, handwrought iron work, and many other types of art.

A number of the participating artists will demonstrate their work at the fair, so that you will be able to see sculptors, painters, and jewelers at work.

The atmosphere will be informal. Each artist will set up his own display against a background of trees and grass, and will be glad to answer any questions which visitors might have.

Among the artists who are exhibiting at this year's fair are: Chicago artists: Mar Carter, Theodore S. Frano, Grace Spongberg, and Hattie Hayes, Clement Martineau, Quintin Neal, Pierre Nyttens, Robert D. Ritter, Bunnii Sovetski, John Price, and Atsushi Kikuchi. Among those from Waukegan are: Everett Misunas, Phil Austin, Michael Taterka, Stanley Boberg, and Helene Tzitzikas.

Refreshments will be available at the fair.

Michael Taterka and Everett Misunas of Waukegan are co-chairmen of the fair. Edward Twentyman of Waukegan is president of the Lake County Art League.

### GEMS OF THOUGHT

One today is worth two tomorrow.

Franklin

That tomorrow starts from today and is one day beyond it, robes the future with hope's rainbow hues.

Mary Baker Eddy

No one loves the man whom he fears.

Fear is more painful to cowardise than death to true courage.

Sir Philip Sydney

### Card of Thanks

I wish to thank everyone who helped in any way in the rescue of myself and grandson when our boat capsized in Pettie Lake Aug. 2.

Peter Breuer

## Oetting Reunion Held At Trevor Saturday

The annual Oetting and Bushing reunion was held Saturday at the Charles Oetting home in Trevor with a pot luck dinner and supper.

Those present were Mrs. Laura Oetting and son Herman, and Carnegie Krause, Berwyn, Ill., Mr. and Mrs. Al Easer, Mrs. C. H. Rothe, and granddaughter, Dianne, Oak Park, Ill., Mrs. Marel Bushing and Mary Lou, Mr. and Mrs. Louis Blei, Chanel Lake, Mr. and Mrs. George Oetting and Judy, Mr. and Mrs. Frank Pehlke, Riverside, Ill., Mrs. Elizabeth Bushing, son Carl, her mother, Mrs. M. Bushing, Henry Myer, Chicago; Mrs. William Bushing and daughter, Vera, and Mrs. Ray Bushing, Pikeville, Ill.; Mr. and Mrs. Arthur May, Madison, Wis.; Mr. and Mrs. Alfred Oetting, Carol and Linda, Wilmot; Mrs. Beatrice Mathews, Charles and Douglas, Rock Lake; Mrs. Arthur Bushing and Arthur, Jr., Salem; Mr. and Mrs. Louis Oetting, Gall and Carl and Mrs. Joseph Smith.

Herman Oetting, Berwyn, Ill., showed colored slides of a fishing trip to Canada at the Oetting home in the evening which was very much enjoyed by those present.

### Grandmothers Plan Party

The Chain O' Lakes Branch No. 148 of the National Federation of Grandmother Clubs of America will hold an all day picnic at the Country Squire Monday. Luncheon will be served at noon followed by cards, bunco and other entertainment.

Attractive prizes will be given. The general public is invited. Reservations are to be made with Jean Hain at Round Lake 6-4507, or Rose Ann Buell RO-6-1904.

Mr. and Mrs. Norman Rockow and daughters spent the week end at Winslow, Ill., the guests of Mr. and Mrs. Chester Schumacher.

Mr. and Mrs. Norman Rockow and daughters spent the week end at Winslow, Ill., the guests of Mr. and Mrs. Chester Schumacher.

Mrs. Verna Mae Holm, Waukegan, daughter of Mr. and Mrs. Roy Kufalk, Antioch, was taken to Victory Memorial hospital Saturday for surgery.

Mr. and Mrs. Roland Shadbolt of Waverly, Iowa, returned home Tuesday after visiting relatives in Antioch since Friday.

Emmett Carnes and daughter Fern of Quincy are guests of Mrs. Robert Wilton and Mrs. Charles Watson and their families for the weekend.

THANK YOU!

At the close of the "Red Heart Tag Day" held on Saturday by the Volunteers of America to aid destitute mothers with children in care of the organization in this state, Mrs. Laura Swanson who had charge of the affair reports that Caroline Stoffel was entitled to the first prize having secured \$18.00. The second prize was won by M. Anderson who had \$16.50. The third winner had \$14.50. The other workers were made happy with movie money.

The sponsors are grateful to those who worked so faithfully all day and to everyone who contributed in any way toward the success of the occasion.

### Thank You

Members of St. Peter's Altar and Rosary Society wish to extend their sincere appreciation and thanks to all the merchants who donated prizes for the Salad Bar Luncheon and Card Party.

Card of Thanks

I wish to thank everyone who helped in any way in the rescue of myself and grandson when our boat capsized in Pettie Lake Aug. 2.

## FOULD'S EMPLOYEES PICNIC AT ADLER MEMORIAL PARK

Four hundred Fould's employees, families and friends attended the annual picnic of the Libertyville Industry at Adler Memorial park in that village Saturday. Some of them were Antioch residents.

A full program of games and contests was conducted, with the single men beating the married men in baseball 13 to 9.

Children were given rides on the Zion miniature fire truck around the scenic park grounds.

The program closed in the evening with dancing in the outdoor pav

## Strange Spider Spins Huge Web To Cover Houses

WASHINGTON — A Panamanian spider completely envelopes native Indian houses with a golden gossamer which is completely insect proof. The strange vestment has been described by a director of the Smithsonian Institution who encountered it among the Guaymies Indians of Panama, near the border of Costa Rica.

Literally hundreds of spiders combine to spin their webs around a native house of considerable dimensions. Eventually the webs form an almost continuous fabric in which the spiders lurk to trap any unsuspecting insect which approaches. The Indians naturally welcome the spinners, for otherwise "bugs" might be an extreme nuisance, especially in the rainy season. Only the doorway is kept free of the web. No insect can enter the house through any crack in the walls.

Entomologists have identified the spider, which is also found in the Florida everglades. Its webs look as if they were made of extremely delicate gold lace. The threads are sturdy and can be woven into cloth. Bed curtains made of them were a notable exhibit at the Paris Exposition. At that time an effort was made to "domesticate" this spider. Females were kept in captivity—each in a separate compartment, for they would eat each other if allowed to mingle—and were fed on flies. Such a captive laid 500 to 1,000 eggs a day.

## Greatest Exhibit Center Going Up

WASHINGTON — The world's greatest exhibit center for display of the new design, building techniques, equipment and materials that go into the modern home is under construction in Washington, D. C.

To be known as the National Housing Center, the \$2,500,000 exhibit building is designed as a showcase of home building progress for builders, architects, home owners and prospective home buyers from all parts of the world.

Located in the heart of Washington, within a few blocks of the White House, the eight-story, air-conditioned structure is being built for the National Association of Home Builders and is scheduled for completion and occupancy early in 1955.

Many hundreds of exhibits, all of which will be changed frequently to keep pace with progress in the home building industry, will be placed on display in the Center by more than 500 companies which provide the materials, equipment and services that go into housing construction.

## People Ate Plenty Pickles Previous Year

CHICAGO—Enough pickles were consumed in the past year to stretch from Philadelphia to Pilsen, and back to Papette a dozen times.

The record 30½ million cases of pickles eaten by Americans brings pickles up to the number two best seller spot among canned fruits and vegetables. And who's better than pickles? Only canned corn topped the pickled cucumber in popularity.

The present day consumption figure is a far cry indeed from the early days of the pickle around the time of Cleopatra, reported to have been a strong pickle fan because she felt they contributed to her beauty.

Whether the sultry siren of the Nile rubbed them on her face or ate them is not known.

At any rate, statisticians have recorded an outstanding growth in pickle munching since then. In Cleopatra's era, about 30 B.C., pickle consumption was very roughly figured at 3,000 cases per annum. The current consumption in the U.S. represents an increase of approximately 10,000 per cent.

## Eye Glass Styles Offered in Pairs

GENEVA, N. Y.—Like the spare tire for the automobile, the style now for eye glass wearers is an extra pair.

A leading optical company has demonstrated the need for two units of eyewear and is now introducing the "Two-Some" for women and the "Two-Suite" for men.

The package units are designed to hold companion pairs of stylish glasses, one pair for work-day use and another for evening or more formal wear.

**The Virus**  
CHICAGO—Viruses, responsible for a number of diseases, are so small they can pass through the pores of a fine porcelain filter. The smallest have a diameter of about 25,000,000th of an inch. They cannot be seen under an ordinary light microscope, but the electron microscope, which will magnify many more times, will show them. They cannot live by themselves, but grow only in living tissues.

## Auxiliary News

Antioch Unit American Legion Auxiliary will entertain past presidents of the Unit Friday, August 13. The evening will start with a pot luck dinner at 6:30 p. m. Mrs. Zella Larson, junior past president is chairman of the entertainment. Miss Wendy Midgley, Illini Girl Stater of Antioch Unit, will be present at the Friday, Aug. 13 meeting to give a report on her attendance at Girls' State held at Jacksonville, Ill., in June. Delegates from the Unit who at-

tended the State Legion convention last week will also give their reports on business of the convention. Joint installation of officers of the Antioch post and the Auxiliary will be held at 8 p. m. Thursday, Aug. 19, in the Legion home. Dan Lightsey will be installed as commander of the Legion and Dorothy Horan installed as president of the Auxiliary.

# PONTIAC!

### You'll have a Bigger Car!

Today's Pontiac is the biggest ever built. In fact, no car near its price provides you with the road-hugging comfort and stability of Pontiac's long wheelbase. And Pontiac's size is apparent, too, in its roomy Body by Fisher that lets you stretch out and relax amid every fine-car luxury, appointment and convenience.

### You'll have Finer Performance!

Today's Pontiac is the most powerful ever built. Pontiac's big, husky engine puts you in command of more power than you're ever likely to need. You enjoy instant response in traffic, and as you cruise the open road your engine merely loaf along, saving money every mile and greatly prolonging engine life.

### You'll have World-Famed Dependability!

Today's Pontiac is the most dependable ever built. Pontiac's record for long life is acknowledged everywhere. No car at any price will deliver more miles of carefree, economical service. This unsurpassed dependability means you can drive and maintain your Pontiac at amazingly low cost, mile after pleasant mile.

### You'll have the Greatest Beauty!

Today's Pontiac is the most beautiful ever, with its distinctive Silver Streak styling. And Pontiac's beauty is more than skin deep: inside you'll find luxurious appointments and fabrics usually reserved for much more costly cars.

### You'll have America's Top Value!

Today's Pontiac is the greatest value ever built. With all its fine-car qualities, Pontiac is actually priced right next to the lowest—so low, in fact, that if you can afford any new car you can afford a Pontiac. Add to that the fact Pontiac has the highest resale value in its price class and you'll have an unmatched motor car buy. Come in soon.

E & L PONTIAC, INC.

**MILLBURN**

Regular services at Millburn Congregational church Sunday, Aug. 15, include Sunday School at 9:45 and church services at 11 o'clock when the Rev. L. H. MeeserSmith's sermon topic will be "The Mission of the Church." About 20 from the church expect to attend the Festival of Faith at Soldier Field in Chicago Sunday, Aug. 15.

The Millburn Maidens' 4-H club will hold the annual achievement program at the church Friday evening, Aug. 20 at 8 o'clock. The public is invited.

Mr. and Mrs. Edward Sundin are receiving congratulations on their first grandchild, a daughter, born to Pfc. and Mrs. Richard Moran at Eale Air Force Base, Calif., Aug. 5. The girl has been named Kim Idele Moran.

Joe Smith of Waukegan was a supper guest at the home of his son, Albert Smith Tuesday evening.

Harold Hesseltine of Curtis, Neb., was a caller at the MeeserSmith home Sunday afternoon.

Leonard and Richard Clark are spending a few days at the home of their uncle Frank Clark at Fox Lake.

Mrs. Frank Hauser spent Wednesday with her daughter, Mrs. Or-

ville Hairrell in Waukegan.

Mrs. Lillie White of Waukegan, Mrs. Bertha Newman of Lake Forest and Miss Clara Nelson of Loon Lake were dinner guests at the Gordon Bonner home Saturday.

Miss Josie Mann returned home from St. Therese hospital Sunday.

Mr. and Mrs. Fred Hughes of Racine were supper guests at the Edward Hoffman home Sunday.

Mr. and Mrs. Sidney Hughes and daughter Kerry of Peotone, Ill., are spending a few days with their parents, Mr. and Mrs. Carl Hughes.

Miss Frances Kenimer, daughter of Mr. and Mrs. Howell Kenimer and Hubert Fox, Jr., son of Mr. and Mrs. Hubert Fox, Sr., of Antioch were married in Millburn Congregational church Saturday evening at 7 o'clock with the Rev. L. H. MeeserSmith performing the ceremony.

The reception was held at the American Legion hall in Antioch. The couple left on a 2 week honeymoon trip to Columbus, Georgia, and through Florida.

Donnaene and Deborah Ferry, daughters of Mr. and Mrs. William Ferry of Detroit, Mich., arrived Monday for a visit with their grandmother, Mrs. Anna Bauman and other relatives here.

Pfc. Donald Lahey returned to Fort Lewis, Wash., last Tuesday

after two weeks' stay with his parents, Mr. and Mrs. James Lahey.

Mrs. Harry Tillotson of Milwaukee and Mrs. Grace Turnock of Milwaukee were callers at the Savage home Wednesday afternoon.

Mr. and Mrs. Michael McGuire and daughter, Gail of Chicago spent the week end at the Edward Sundin home.

Mr. and Mrs. Wm. Paulsen and family are spending a week in camp at Lake Ripley, Wis.

**WASHINGTON AND  
"SMALL BUSINESS"**  
By C. WILSON HARDER

Along with all the other special weeks, there should be a "Write Letter to Your Congressman Week," whether you vote for him or not. Just a friendly letter to bolster his morale.

Because despite all sneering directed at Congressmen's ability, practically without exception every member strives to do a conscientious job. But cardinal strategy of communists and their ilk is to create disrepect for democratic legislative bodies.

Many Congressmen often feel frustration over circumvention of Congressional intentions.

For example, Congress passed the "Buy American Act," intending government agencies should buy American products. Lately a great deal of equipment has been imported. The House Small Business Committee ably headed by Rep. Wm. S. Hill of Colorado made inquiries.

A bland reply from the Deputy Assistant Secretary of Defense for Supply frankly admitted in tent of "Buy American Act."

However, this official purred on, under "current interpretations" this does not apply when there is a 25% price differential between foreign goods including duty and domestic goods. No mention is made of who made the "current interpretation."

Thus, if U.S. manufacturers, who pay heavy taxes, pay social security taxes and a labor rate four to ten times higher than foreign suppliers, are not within 25% of the foreign price, they lose out. The excuse for this is that it is in line with "the objective of the National Federation of Independent Business."

lives of the Mutual Security Program and U.S. Foreign Policy."

Senator Smith (N.J.) reports a mutual defense assistance agreement was signed in Tokyo covering not only defense, but agreements on agricultural commodities, economic arrangements, and investment guarantees.

Senator Smith asked State Department if these agreements are not actually treaties subject to Congressional approval.

State Dept. replied agreements were made on the basis of foreign aid legislation and therefore did not require treaties. Congress has nothing to do with them except vote required money.

Congress presumably will be asked to financially back up agreements on grounds world will consider U.S. wavers if it doesn't.

Congress presumably will be asked to financially back up agreements on grounds world will consider U.S. wavers if it doesn't.

Senator Langer reports that during the last six months of 1953 the nation imported 11,512,000 bushels of Canadian rye, equaling half of domestic production.

As result rye prices dropped nearly \$1 per bushel and U.S. farmers have placed their rye under government loans. So reciprocal trade treaties in action again work against U.S. farmer.

Congress passed many acts to meet temporary situations. Foreign aid was to help the needy at war's end; reciprocal trade treaty legislation was passed with this goal in mind; the farm loan program was passed to help tide farmers over.

But net result is that government bureaus, have interpreted and used them as authority to carry on all sorts of worldwide boggling. So it is important for American people to let Congressmen know they support all action that will restore control of government to Congress.

Antioch, Ill.

### Film on Constitution Revision Now Available To Civic Organizations

A full-color sound slide film that tells the story of the Blue Ballot Reapportionment Amendment has been completed by the Illinois Committee for Constitutional Revision and is now available for showing before civic associations, service clubs, women's organizations and other interested groups.

Called "Let Your Voice Be Heard," it features narration by radio-television star Ken Nordine. The film is 15-minutes long, and the Illinois Committee can furnish speakers along with the film.

The Illinois Committee for Constitutional Revision is the civic organization carrying on the campaign for the Blue Ballot Reapportionment Amendment, which will be submitted to Illinois voters at the November 2 General Election. Its headquarters are located at 230 South Clark street, Chicago.

More than 74 business, labor, farm and civic organizations have endorsed the amendment which also has the support of leaders of both political parties.

It would reapportion the Legislative districts in Illinois on a fair basis. There has been no reapportionment since 1901, and millions of citizens now have a fraction of the representation in the Legislature that they deserve.

Returns from Military Service On completion of his four years of service, SH2 Jerry Donovan was discharged from the navy July 8 and he and his wife, the former Joyce Strametz have returned to Antioch to reside. Mrs. Donovan has returned to her position at the House of Beauty and the two are at present staying with her parents, Mr. and Mrs. Rudy Strametz at Grass Lake.

Vandals Damage School Juvenile vandals are credited with doing approximately \$1,000 worth of damage to the Townline school near Wadsworth.

They entered the building through a kitchen window, overturned desks, strewn books about the room, broke dishes and other equipment in the kitchen, and sprinkled the debris with paint.
